## About Mister C's

Mister C's first opened in 1981 on Barlby Road before moving to our present location on Micklegate in 1986. We are a family-run business and still use the same batter recipe we used on the day we opened, 37 years ago.

We believe in using only the highest quality ingredients, which come fresh from the sea and straight from the soil. We use only MSC certified cod and haddock. Our Icelandic fish is fresh frozen, having been frozen within four hours of being caught. We serve our fish alongside the finest potatoes Yorkshire and Lincolnshire have to offer, resulting in our fish and chips being recognised as the best in Yorkshire and amongst a select few in the UK.
